An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mark Della Valle on 14 JUL '08.

On page 7, line 7, of applicant's specification After "U.S. Patent Application No."
insert - - 10/770020 - - .

The following is an examiner's statement of reasons for allowance: The prior art fails to disclose a server coupled to a server connection node and also to a 1st analog signal receiver in the context of analog testing communications systems. No obvious combination of references found would have taught one of ordinary skill in the art to make and use applicant's apparatus and method as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
